卐 C. & J. "GOOD 卐 LUCK" CANNAS 卐

A New Kind of Canna

卐 APRICOT. It almost makes "your" mouth water to look at the luscious mixture of fruity colors, like the peach and the orange, in these deep yellow buff petals, overlaid with salmon pink, that is why we called it the *Apricot* Canna.

But much more remarkable than its popular and pleasing color is the thickness and texture, and consequent durability of the petals and hence of the flowers. Herein lies the *triumph* of its *introduction*. Colonel Goethals, who built the Panama Canal says that "the man who deserves highest praise is he who *for the first time performs an achievement.*" For years, Mr. Wintzer has been working for just this thing—A Canna with flowers that will stand up firmly against rain, wind or sun.

Apricot is the nearest approach to this ideal. It is of green foliage, average four feet high; a good producer and *good keeper*. Try some for your own sake.

RETAIL PRICE, 1922, is $1.50

Trade Price: 3 for $2.50; 10 for $7.50; 100 for $50. See it also offered in our super-six set, page 2.

C. & J. "GOOD LUCK" CANNAS

OUR SUPER-SIX SET

Have you any idea of how severely we sort to get a new Canna?

You should call here in the summer and see our seedling Cannas in bloom; over 2000 different kinds, no two alike.

Remember, Mr. Wintzer hand hybridized the flowers and thus makes hundreds of crosses every year. The flowers fall and seeds mature, are planted, and when large enough, potted and later planted out, kept all summer, stored over winter, planted out again till new stock of a plant increases enough to judge of its effect at all times. We watch the taste of visitors and add our own best judgment, as to novelty and superiority, color, size, shape, habit, etc., and finally choose not nearly all the best, but just a few, some years two and some six of the new ones and these few we introduce.

The kinds that we discard often are better than kinds which many people grow and sell, but they are not up to the standard, so out they go.

Now for you, we've not been satisfied, even with the choice of one year's new ones, but here suggest out-standing kinds from recent introductions *over several years.* You should add "The President" to the list.

These "Super-Six" are like "orchids for color and mallow marvels for size." Try them and get acquainted.

If you want to make your own place a show place, you will plant a good size bed of these Cannas at your own front door and find yourself distinguished thereby.

APRICOT. 4 ft. See page 1. Price. 10 for $7.50; 100 for $50.00.

AMERICAN BEAUTY. 5 ft. Color, velvety oriental carmine, very rich and unusually attractive. Price. 10 for $7.50; 100 for $50.00.

CANDELABRA. 5 ft. A prodigy, producing 3 to 5 flower heads on each stalk. Color, fiery orange, scarlet. Price. 10 for $7.50; 100 for $50.00.

FLAG OF TRUCE. 4 ft. A large, cream-white Canna with faint pink dots on each petal. When a short distance from the flowers they appear pure white. Price. 10 for $2.00; 100 for $15.00.

STATUE OF LIBERTY. 6 to 7 ft. Foliage bronze and half as large again as its nearest rival. Color, flame red, Price. 10 for $3.00; 100 for $25.00.

SUSQUEHANNA. 3 ft. A beautiful *dwarf* Canna. Old rose, pink on olive green foliage, Price. 10 for $7.50; 100 for $50.00.

WYOMING (Orchid-flowered). 7ft. Foliage bronze. Flowers orange	4.	30.
ZENITH. 5 ft. Orange-pink or salmon with the tongue pure orange	6	50.

卐 CANNA "THE PRESIDENT"

Originated and Introduced by The Conard & Jones Co.

Selected by an overwhelming majority as the
GREATEST CANNA IN COMMERCE

Millions of people who have visited Washington, D. C., the Capitol at Harrisburg, Pa., the famous Garden Pier at Atlantic City, or the most noted public parks during the past summer have seen the grand color effect produced by notable plantings of the President Canna. Many speak of it as the "Grandest Canna in existence."

"NOTHING TO COMPARE WITH THEM"

My Canna, The President, was awarded the Blue Ribbon at Lansdowne. I would like to see the Canna brought more to the attention of the small amateur gardeners like myself, as there is absolutely nothing to compare with them for a long season display of wonderful flowers. Asa M. Way, Lansdowne, Pa., October 3, 1921.

Height averages four to five feet. In color, a rich, glowing scarlet, and the immense, firm rounded flowers, 7 inches across when open, are produced on strong, erect stalks well above the large, rich green foliage. Possibly it can best be described as possessing all the good qualities of Firebird added to splendid green foliage, luxuriance and continuity of bloom and splendid vigor and habit of growth. Even our competitors agree that it is the "most sensational introduction of recent years."

PRICE: $8. per 100; $75. per 1000.

DID THIS 卐 SIGN EVER PUZZLE YOU?

It is old, almost as old as history itself. For centuries, it was an omen of "good luck" and symbol of *new life.*

After many years of working to improve the Canna by cross hybridizing, it seemed appropriate to adopt this sign to mark all *Cannas* originated by Mr. Wintzer and introduced by this firm. (Those introduced by others are not so marked).

Cannas marked 卐 thus are improved sorts—and kinds to bring "good luck" to those who plant them.

THE PICTURE TO THE RIGHT SHOWS ANTOINE WINTZER among his seedling Cannas. To the left is a graphic picture of what Mr. Wintzer has done to improve the flowers of the Canna. The small flower is the uncultivated native Porto Rican Canna with a Wintzer seedling shown alongside it.

TERMS OF SALE

All goods travel at buyer's risk. Orders from unknown buyers require satisfactory reference with time to investigate or cash with order. Prices are net F. O. B. West Grove, packing and boxing at cost. We reserve the right to advance prices without notice. Orders for five or more at ten rates, for 25 or more at 100 rates, for 250 or more at 1000 rates.

Certificate of Inspection from State Entomologist will go with each shipment.
